Subject: Re: Case Number: 16-0253-GA-BTX

Please reconsider the proposed pipeline path for the above case. While I do not live along the proposed pipeline, I have friends who do and I am concerned for their safety.

It is wrong to route a high capacity pipeline through a residential community when the blast zone is 300 yards wide. Such a large and powerful pipeline when it explodes will kill hundreds and hundreds of people.

Please redirect this pipeline around the city of Cincinnati and not through neighborhoods.

Thank You

Carol Wilkerson

Port Orchard, WA
