COMMENT DESCRIPTION:

water is already ridiculously expensive. I'm moving out in may mostly because of water rates.... I will save over 2500 a year just in moving to a different municipality with cheaper water. by the way the water quality is terrible.

COMMENT DESCRIPTION:

I am writing to protest vehemently the request from Aqua Ohio for a rate increase. What exactly is Aqua Ohio going to do with this extra money? We already have hard water and the chlorine in their water is so high you can smell it when you drink it! We here in Lake Darby Estates and neighboring subdivisions pay exorbitantly more than other communities surrounding us and that includes Columbus! My husband and I pay approximately \$70 a month for our water. We are on a fixed income and an increase would mean we would have to cut something out of our budget. That might be a drug prescription or maybe less food or something as sweet as a date night to a movie. When we receive our yearly cost of living adjustment for our income that raise is basically wiped out with the increase we pay for our medical insurance. We cannot afford another increase in our monthly water bill! Please don't approve Aqua Ohio's request for an increase! We are barely keeping our heads above water as it is!

COMPLAINT DESCRIPTION:

I strongly oppose the requested rate increase for the only available water in my area. The water is of poor quality for human and pet consumption as well as laundry. We currently purchase our drinking water and ice from our local grocer. We pay three times the amount as our neighboring communities. We feel that we are being taken advantage of because we have no other resource for water. This rate hike must be denied.
