Dear Ms. McNeal,

It has come to our attention that a page was inadvertently omitted from Aqua Ohio, Inc.'s July 12, 2016 filing of revised tariff sheets in accordance with the Commissions June 29, 2016 Finding and Order in Case No. 16-960-WW-ATA. Please file the attached tariff sheet in the above-referenced dockets.

Please let me know if there are any questions.

P.U.C.O. Tariff No. 2

**CUSTOMER FINANCING PLAN
FOR CONNECTION TO WATER SERVICE**

Terms and Conditions

Aqua Ohio, Inc., will offer a financing plan to individual homeowner Customers who, upon request, made an initial connection to any portion of the Company's distribution system for which the Company collects a frontage connection fee for such connection. The Customer contribution of an individual homeowner to a Main Extension may also be financed under this plan. Such a homeowner may elect to finance eligible costs in equal payments, payable as the homeowner initially elects from over three years (*36 months*) up to ten years (*120 months*). Payment amounts under the financing plan will be itemized and assessed as a surcharge on regular water bills rendered to the homeowner (or Customer). Partial payments of a Customer's bill will be applied to the water service charges first and then to the finance payments. Any and all indebtedness that remains at the time when the Customer's account is closed, for any reason, shall be immediately due and payable and shall be made part of the final bill.

"Eligible costs" for financing include charges designated by the Ohio Adm. Code 4901:1-15-30 ("Main extensions and related facilities") and 4901:1-15-31 ("Subsequent connections, service connections, and tap-ins"), and the Company's Tariffed water Main Extension policy (as these provisions apply when read together) that pertain to any applicable frontage connection charges, Customer contributions towards a Main Extension, any required Related Facilities charges, and any Capital Investment Fee (see Section 3-4, Item 5). "Eligible costs" also include the cost of the Customer's Service Line from the Company's shut-off valve to the dwelling, including the cost, incurred to disconnect a previous water source and connect the Customer's new Service Line. Such Service Line shall remain the property of the Customer, and all maintenance therefore shall be the responsibility of the Customer. Eligible costs shall not exceed the actual costs assessed to the Customer.

The interest rate on the financing plan will be fixed for the term of the Customer payments and will be equal to the Company's short term debt rate to be posted twice per year, on June 30 and December 31, but shall not exceed eight percent per annum.

Customer payments under the financing plan will be subject to a late payment fee of five percent of the payment amount if it is paid after the due date as specified on the Customer bill. Non-payment of a monthly amount under the financing plan by the date of the next monthly due date listed on the Customer bill shall make any and all indebtedness under the financing plan immediately due and payable and subject, at the discretion of the Company, to collection. Water service will not be terminated on the basis of non-payment of a monthly amount under the financing plan.

The financing plan for an individual homeowner's connection to the Company's distribution system will be effective upon proper execution of an Agreement of Customer (which Agreement includes a "Credit Disclosure Form" and "Amount Financed Itemization" sheet) as provided in this Tariff.
