Subject: Oppose the Central Corridor Pipeline Extension Project

Dear PUCO Commissioner Thomas W. Johnson,

As a resident of Cincinnati and concerned citizen, I am writing you to register my opposition to Central Corridor Pipeline Extension Project (Reference No. 16-253- GA-BTX).

My home is in the alternate route "blast zone" in Evendale.

We already have a 20" "main" pipeline running within 150 ft of our house, and have experienced Duke's lack of maintenance (the pipe exterior is exposed where it crosses a surface drainage creek). Duke routinely uses my driveway to access their easement, parking unmarked trucks in my driveway rather than using access afforded by street crossings. Even after numerous requests to be informed of inspections and clearing efforts, they just show up and start cutting...cleared vegetation is left where it falls.

I can see 3 pipeline markers from my front yard, and each is in a different state of disrepair, with most leaning quite a bit since the day they were installed.

It all amounts to a lack of trust in Duke and their professionalism.

This pipeline will travel through densely populated areas, including my neighborhood and will pose a danger to residences, schools, businesses and houses of worship.

Unlike delivery pipelines, this pipeline will be under up to 720psi pressure and an accident or rupture could cause injuries, death and destruction of property within a radius of 1/3 mile.

I ask you to oppose this pipeline and encourage both Duke Energy and the Ohio Power Siting Board to reject this pipeline

Thank you for your consideration.

Regards,
John Hunt
