Subject: Oppose the Central Corridor Pipeline Extension Project

2017 JAN 27 PM 12:52
PUCO

Dear Ohio Power Siting Board,

As a resident of Madeira and concerned citizen, I am writing you to register my opposition to Central Corridor Pipeline Extension Project (Reference No. 16-253- GA-BTX).

Safety and property values aren't being considered. Please reevaluate the need for this location. I have a toddler that I don't want in the zone. I'm a local realtor and concerned for our property values.

This pipeline will travel through densely populated areas, including my neighborhood and will pose a danger to residences, schools, businesses and houses of worship.

Unlike delivery pipelines, this pipeline will be under up to 720psi pressure and an accident or rupture could cause injuries, death and destruction of property within a radius of 1/3 mile.

I ask you to oppose this pipeline and encourage both Duke Energy and the Ohio Power Siting Board to reject this pipeline

Thank you for your consideration.

Regards,
Laura Wogen
