Case# 13-2385-ESP

2017 JAN 30 PM 2:20
PUCO

Dear PUCO,

As a customer of AEP Ohio i am contacting you to express my concern over their effort to raise my electric rates by more then 100% to line the pockets of their shareholders. Their profits should not be dependent on the working class.

Furthermore clean energy is now cheaper than the coal they burn. My investment should not be directed towards the continued destruction of the environment.

Please encourage this company to invest in renewable energy, energy efficiency and conservation efforts.

Best Regards,

Andrew J. Lorenz
