Case No. 16-2338-EL-CSS

OFFICE OF THE CLERK

Motion for 7 day Extension of Time

Now comes the Complainant, Private Citizen Gregory Peck, appearing on his own behalf with a timely request pursuant to Rule 4901-1-12(B)(2). O.A.C. for an extension of time of seven days.

The extension is not to be construed as a delay.

The extension for time is based on the following reasons:

The Complainant received, from Respondent, a Reply To Complainant Response on Saturday, 29th, 2017. In the Respondent's Reply there contained a footnote to an administrative docket, "In the Matter of Duke Energy Ohio, Inc..... SmartGrid Costs and Mid-Deployment Review, Case No. 10-2326-GE-RDR" which Respondent relies on to justify their position. This is the first time Respondent has informed the Complainant of this docket being Respondent's justification for dismissal of the complaint. The docket contains 63 documents which the Complainant is reviewing to analyze if Respondent has reasonable justification for their position to dismiss the complaint. It is taking time to perform this task and construct a response.

Also, Complainant had to travel to Cleveland, Ohio to visit with his aging mother who is being hospitalized for an operation.

Wherefore, Complainant requests time in order to properly answer Respondent's Motion to Dismiss and its Reply.

Respectfully submitted,

Gregory Peck
