Subject: Case #16-0253-GA-BTX

Greetings,

Duke's original proposal was for a 'Transmission Line' based on a Duke letter sent February 19, 2016 (and other documents).

Duke has since changed the original proposal from a 'Transmission Line' to a 'Distribution Line' (based on Duke's open house on January 26, 2017).

If a 'Distribution Line' requires Duke to acquire different skills to build (skills different than those required for a 'Transmission Line') or the behavior of the line is different, then the current proposal has changed, and should be resubmitted to the OPSB for proper evaluation.

In Duke's open house Duke identified that:

1) Different skills are required to build a 'Distribution Line' than a 'Transmission Line'.

Please see at 20:45 (above)

2) That a 'Distribution Line' has 'different behaviors' than a 'Transmission Line'.

https://www.youtube.com/watch?v=B89Wp_AIXTc&feature=share

Please see at 25:25 (above)

The current proposal has changed, and should be resubmitted to the OPSB for proper evaluation.

Thank you very much.
