Subject: Oppose the Central Corridor Pipeline Extension Project

Dear PUCO Commissioner Thomas W. Johnson,

As a resident of Madeira and concerned citizen, I am writing you to register my opposition to Central Corridor Pipeline Extension Project (Reference No. 16-253- GA-BTX).

I do not want such a large gas pipeline going through my neighborhood, or any other residential neighborhood for that matter. Given the potential danger of leaks, such a pipeline must not be allowed to run through any residential areas. I understand that other energy solutions may cost more but that is ok to me. I am willing to pay more for energy that is both clean and safe. I am not willing to allow a corporation to profit by exposing my family to more threats than we already live with.

This pipeline will travel through densely populated areas, including my neighborhood and will pose a danger to residences, schools, businesses and houses of worship.

Unlike delivery pipelines, this pipeline will be under up to 720psi pressure and an accident or rupture could cause injuries, death and destruction of property within a radius of 1/3 mile.

I ask you to oppose this pipeline and encourage both Duke Energy and the Ohio Power Siting Board to reject this pipeline

Thank you for your consideration.

Regards,
John Fanselow
