SECTION B – APPLICANT MANAGERIAL CAPABILITY AND EXPERIENCE

Exhibit B-1 “Jurisdiction of Operation”

SES currently serves businesses throughout the U.S. as required by its customers. SES is currently licensed or certified to provide retail natural gas services in Ohio. It is also certified or licensed to provide retail electric services in Ohio, Illinois and Maryland.

Exhibit B-2 “Experience & Plans”

SES offers natural gas and electric brokering services to its customers in addition to its current energy auditing and related demand-side services. Thomas Sherman, who is a Certified Energy Manager (CEM), Certified Energy Auditor (CEA) and Certified Demand Side Manager (CDSM), spent four (4) years in the energy consulting practice at FirstEnergy Corporation and was one of the founders of PCX Energy Services, LLC, a full service demand side energy efficiency firm. So Mr. Sherman understands energy markets very well.

Laura Sherman, who joined SES in 2014, came from another prominent Ohio based energy consulting company, and is a Certified Energy Procurement Professional (CEP). She has eight (8) years of experience as a power and natural gas broker serving customers in the industrial, commercial, municipal and K-12 markets in all deregulated states. During the past eight (8) years, she has personally developed an energy portfolio consisting of 190 million kWh of power and 215,000 MCF of natural gas.

SES plans to enter into energy supplier agreements with most, if not all of the approved natural gas suppliers in Ohio so that competitive RFP's can be used to help customers determine the most appropriate natural gas supply contracts for their businesses. Invoicing for natural gas will be provided by the supplier directly to the customer. The only invoicing SES will be providing its customers is from work specifically connected to its current demand side consulting practice. All customer complaints will be handled directly by Laura and Thomas Sherman. Their personal cell phone numbers are provided to every customer. Most of the service requirements per Section 4928.10 pertain to utilities and suppliers, not consultants. However, SES will work diligently to help resolve any complaints between a customer and a supplier.

Exhibit B-3 “Disclosure of Liabilities and Investigations”

SES, Mr. Sherman and Ms. Sherman have no existing or prior rulings, judgments, contingent liabilities, and revocations of authority, regulatory investigations, or any other matter that could adversely impact this applicant's financial or operational status or ability to provide the services it is seeking to be certified to provide.

Exhibit B-4 This section is not applicable. Neither Mr. Sherman nor Ms. Sherman have never been held liable for a violation of the public trust.

Exhibit B-5 This section is not applicable. Mr. Sherman and Ms. Sherman have never had a certification, license, or application denied, revoked, suspended, cancelled or curtailed.
