**DOMINION EAST OHIO'S
SUPPLEMENT TO CONSTRUCTION NOTICE**

On March 15, 2017, the Ohio Power Siting Board Staff issued its Staff Report, which contains the four conditions listed below:

1. Prior to the commencement of construction activities in areas that require permits or authorizations by federal or state laws and regulations, the Applicant shall obtain and comply with such permits or authorizations. The Applicant shall provide copies of permits and authorizations, including all supporting documentation, to Staff within seven days of issuance or receipt by the Applicant.
2. The Applicant shall adhere to seasonal cutting dates of October 1 through March 31 for removal of trees greater than or equal to three inches in diameter, unless coordination efforts with the Ohio Department of Natural Resources and the U.S. Fish and Wildlife Service allow a different course of action.
3. The Applicant shall coordinate all traffic-related issues with the appropriate entities (including the Ohio Department of Transportation, local authorities, and public and emergency services) to ensure that the flow of traffic will be maintained along public roadways and private drives during construction, or that appropriate plans will be followed for temporary traffic diversions.
4. Prior to construction, the Applicant shall submit to Staff, for review and confirmation that it complies with this condition, a project construction plan which includes the specific locations of its laydown areas. If the specific locations chosen appear to have additional adverse impacts, the Applicant shall either propose different specific locations without such impacts, or refile its application.

By this submission, Dominion East Ohio (“DEO”) incorporates the above conditions as a supplement to its Construction Notice filed February 28, 2017, and requests that this supplement be considered part of DEO’s application.

Respectfully submitted on behalf of,
DOMINION EAST OHIO
