**NOTICE OF INTERVENTION OF THE CITY OF CINCINNATI**

---

Pursuant to R.C. 4906.08(A) and O.A.C. 4906-2-12(A)(1), the City of Cincinnati (“City”) hereby submits this Notice of Intervention as a party in the above-captioned case. The undersigned City Manager certifies that he is the chief executive officer of the City and authorized to file this Notice.

A portion of the proposed C314V Central Corridor Pipeline Extension Project (“Project”) is located within the City incorporated limits. As a result, the City intervenes as a party to this proceeding first and foremost to protect the interests of the City and its residents. In addition, the City anticipates that through its intervention it may act with other jurisdictions to represent regional interests common to the City and other political subdivisions including an evaluation of Project need and safety issues.

The City intends to express concerns with the effects of the Project upon the City and its residents and to participate in all facets and details of the Board’s review of the proposed Project as it relates to the City and its residents. Given the various environmental, logistical, and operational issues involved in the proposed Project, the City believes that its participation and

input in this proceeding are a matter of public importance citywide and regionally, and that the City's knowledge, among other things, of its roadways and rights-of-way will contribute to a just and expeditious resolution of the issues involved in this proceeding.

Respectfully Submitted,

/s/ Harry Black
