**Re: Hog Creek Wind Farm LLC,
Case Nos. 10-654-EL-BGN, 16-1422-EL-BGA and 16-1423-EL-BGA**

Dear Ms. McNeal:

On November 29, 2016, the OPSB issued an Order on Certificate approving Hog Creek Wind Farm, LLC's ("Hog Creek") applications to amend its Hog Creek I Certificate (Case No. 09-277-EL-BGN) and Hog Creek II Certificate (Case No. 10-654-EL-BGN) subject to the conditions set forth in the Stipulation and continued compliance with the conditions set forth in the certificate orders as later amended (Order on Certificate at 9).

Within these sets of conditions, Hog Creek II certificate **Condition 19** requires that:

Applicant provide Hog Creek's final 69 kV interconnection line route, and obtain OPSB Staff's concurrence on any portion of the route located in the project area boundary.

The required description of the 69 kV route was given in the amendment application, Case No. 16-1422-EL-BGA, filed on June 22, 2016, on page 8. Thus compliance with **Condition No. 19** has been achieved.

If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield
