**Re: Hog Creek Wind Farm LLC,
Case Nos. 09-277-EL-BGN, 10-654-EL-BGN,
16-1422-EL-BGA and 16-1423-EL-BGA**

Dear Ms. McNeal:

On March 22, 2010, the Ohio Power Siting Board ("OPSB") issued Hog Creek Wind Farm LLC ("Hog Creek") a Certificate of Environmental Compatibility and Public Need in Case No. 09-277-EL-BGN for Hog Creek I ("Hog Creek I Certificate"). On August 29, 2011, the OPSB issued a Certificate of Environmental Compatibility and Public Need in Case No. 10-654-EL-BGN for Hog Creek II ("Hog Creek II Certificate"). The orders in each of the cases established a set of conditions as part of the certificates.

Within these sets of conditions, **Hog Creek I Certificate Condition No. 40** and **Hog Creek II Certificate Condition No. 18** require that:

Seven days prior to construction, Hog Creek shall file an erosion and control plan including addressing soil issues through proper design and adherence to Ohio EPA best management practices related to erosion and sediment control.

On March 9, 2017, Hog Creek filed its Storm Water Pollution Prevision Plan which address the issues in Conditions 40 and 18. Thus Hog Creek has achieved compliance with **Conditions Nos. 40 and 18**.

If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield
