COMMENT DESCRIPTION:

Regarding Case No. 16-1852-EL-SSO -AEP and other state electric companies want to increase upfront, mandatory fixed fees. Before they burden residents with this fee, they should lower the compensation of their executives. The compensation for the 5 individuals listed increased \$7.5 million since 2012. Eliminate the fat at the top before you take from those who are struggling to pay their bills. Key Executive Compensation 16,737,548 19,934,504 24,026,727 23,842,810 24,324,868 Nicholas K. COMMENT DESCRIPTION:

Re case 3 16-1852-EL-SSO: I oppose raising fixed rates on electricity as this action would punish users of renewable energy. We people know how damaging to public health and the general environment is the burning of fossil fuels, the state of Ohio, which emits vast amounts of carbon and other pollution for its energy, must cut back sharply on such misuse and transition as rapidly as possible to renewable forms of energy, like sun and wind. PUCO must treat people fairly and give those who sacrifice financially for the good of the environment and public health economic justice on their bills.
