Dear Power Siting Board members:

I am writing to express my concern about the Duke gas pipeline that is projected to run through our community. I live in the City of Montgomery, which is close to the pipeline area and consequently am frequently in the area along Kenwood Road.

I am not generally opposed to pipelines, but it does not seem reasonable to run a pipeline of this nature past a major hospital, shopping mall, and churches, and through a densely populated residential area.

Please consider this matter and possible alternatives carefully.

Yours very truly,

Sharon Sobers
