PRE-APPLICATION NOTIFICATION LETTER
Emily-Fox Q-14 138 kV Transmission Line
Relocation Project
Case No. 17-1151-EL-BNR

Dear Ms. McNeal:

In accordance with Ohio Administrative Code ("OAC") Rule 4906-6-03(A) and OAC Chapter 4906-6 generally, this letter will serve as the pre-application notice letter of applicant American Transmission Systems, Incorporated ("ATSI"), a FirstEnergy company, for the above referenced Project. The applicant expects to file a Construction Notice application with the Ohio Power Siting Board shortly.

In this Project, ATSI is proposing to relocate two (2) structures on the Emily-Fox Q-14 138 kV Transmission Line approximately 20 – 40 feet south of their current location. In addition, three (3) stub poles supporting span guys to existing structures will be relocated approximately 20 – 25 feet from their current location. Both structures and the stub poles are being relocated to support the widening of State Route 82/Royalton Road between W 130th Street and York Road Project by the City of North Royalton.

Construction on this Project is expected to begin as early as September 5, 2017 and be completed by December 31, 2017.

Sincerely,

William R. Beutler
Engineer III
Energy Delivery Transmission and Substation Design
FirstEnergy Service Company
