

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Adoption of Electronic )  
Data Interchange Standards and Uniform ) Case No. [17-94-EL-EDI](#)  
Business Practices for the Electric Industry. )

**Resolution of the Ohio EDI Working Group (OEWG)  
April 25, 2017**

The Ohio EDI Working Group (OEWG) is comprised of Ohio's electric distribution utilities and certified retail electric suppliers, marketers, and other interested stakeholders. OEWG has developed uniform business practices and electronic data interchange (EDI) standards for the electric industry to allow customers to choose generation service from alternative suppliers in Ohio. The Commission adopted Ohio EDI Implementation Guideline transaction sets (Implementation Guidelines) in Case No. [00-813-EL-EDI](#) in its [July 19, 2000 Finding and Order](#), at 17-18, and has approved revisions as necessary, most recently in Case No. [16-315-EL-EDI](#).

The OEWG has established a change control process that is open to all market participants and accessible on the [OEWG page of the Commission's website](#). The change control process maintains current redline versions of changes to the Implementation Guidelines since the Commission's last EDI order on the OEWG page.

On April 10, 2017, the following transaction sets were filed in the above-captioned case by Joe Lindsay, OEWG Change Control Manager to update Ohio's Implementation Guideline:

- 248 Write-off (v2.5.0)
- 810 LDC Invoice Bill Ready (v2.6.3)
- 810 LDC Invoice Rate Ready (v2.5.0)
- 814 Change Request and Response (v2.6.2)
- 814 Drop Request and Response (v2.5.0)
- 814 Enrollment Request and Response (v2.6.2)
- 814 Reinstatement Request and Response (v2.6.0)
- 820 Payment/Remittance (v2.6.0)
- 824 Application Advice (v2.6.0)
- 867 Usage (v2.6.3)

No objection to the adoption of the foregoing guidelines for use in Ohio, or change control process, has been made by any OEWG participant. Consequently, it is hereby resolved that the OEWG recommends that the Commission adopt the above-referenced Implementation Guidelines for use in Ohio's electric retail market.

## **OEWG Participants**

### **EDUs:**

- American Electric Power Co., Inc. (Ohio Power Company)
- Dayton Power & Light, Inc.
- Duke Energy Ohio, Inc.
- FirstEnergy Companies (Cleveland Electric Illuminating, Ohio Edison & Toledo Edison)

### **CRES/Service Providers:**

- AEP Energy,
- Ambit Energy,
- ATMS,
- CES,
- Constellation Energy,
- Direct Energy,
- Dynegy,
- EC Infosystems,
- Energy Services Group,
- FirstEnergy Solutions,
- Freepoint Energy,
- IGS Energy,
