COMMENT DESCRIPTION:

I am writing to strongly encourage PUCO to oppose any increase in fixed rate charges for electricity service, including that involved in the case involving my electricity provider, Duke Energy: 17-0032-EL-AIR . Such higher fixed rates would negatively impact low-income households and would serve to discourage energy conservation and alternative energy efforts such as solar, which are so direly needed. As a teacher of Christian ethics, this issue is of deep concern to me.
