MEMORANDUM IN SUPPORT

Duke Energy Ohio respectfully requests that the Commission grant its Motion for a Protective Order. Duke Energy Ohio is an Ohio corporation with its principal office in Cincinnati, Ohio. Duke Energy Ohio is engaged in the business of supplying electric power to the public in the state of Ohio. Accordingly, Duke Energy Ohio is a public utility within the meaning of R. C. 4905.02 and 4905.03. As such, Duke Energy Ohio is subject to the jurisdiction of the Commission in the manner and to the extent provided by the laws of the state of Ohio.

Duke Energy Ohio is filing, simultaneously with this motion, its Application for authority to establish a standard service offer in the form of an electric security plan (Application). The Application contains certain information, the public disclosure of which could damage Duke Energy Ohio's competitive position and business interests. The information for which protection is sought covers projections and competitively sensitive information.

O.A.C. 4901-1-24(D) provides that the Commission or its attorney examiners may issue a protective order to assure the confidentiality of information contained in filed documents, to the extent that state or federal law prohibits the release of the information, and where non-disclosure of the information is not inconsistent with the purposes of Title 49 of the Revised Code.

The Commission, therefore, generally refers to the requirements of R.C. 1333.61 for a determination of whether specific information should be released or treated confidentially. Subsection (D) of that section defines "trade secret" as follows:

“Trade secret” means information, including the whole or any portion or phase of any scientific or technical information, design, process, procedure, formula, pattern, compilation, program, device, method, technique, or improvement, **or any business information or plans, financial information**, or listing of names, addresses, or telephone numbers, that satisfies both of the following:

(1) It derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use.

(2) It is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.¹

Thus, business information or plans and financial information are trade secrets if they derive independent economic value from not being generally known to or ascertainable by others who can obtain their own value from use of the information and they are the subject of reasonable efforts to maintain their secrecy.

The Attachment to Ms. Hart’s testimony, labeled Attachment CWH-1, as well as the associated testimony discussing the content of such Attachment, contains proprietary Company data related to future distribution management projects that will necessitate receiving bids from outside vendors. If information related to the Company’s budget is made public, vendors could potentially gain a competitive advantage by knowing such information.

The Attachments to Mr. Pratt’s testimony consist of budget forecast information that contains internal Company strategy and intellectual property that is not shared outside of the Company. The information is proprietary and relates to budgeting and forecasts of costs to be incurred in future years that, if disclosed, could impair the Company’s financing and resource procurement efforts and could also have a negative impact on its activities in

various aspects of the marketplace. Forecasts are generally not disclosed and are protected by the Commission in many types of proceedings. The Company takes steps, internally, to ensure that this information is not disclosed to anyone who does not have a business need to know the material. Externally, the Company does not disclose this forecasted information other than under the terms of appropriate protective devices, such as confidentiality agreements.

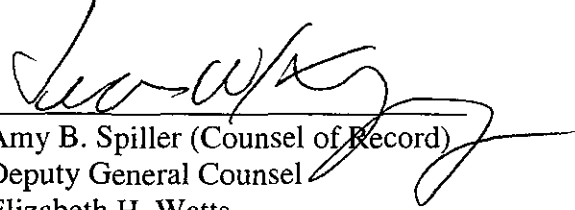

O.A.C. 4901-1-24(D) allows Duke Energy Ohio to seek leave of the Commission to file information Duke Energy Ohio considers to be proprietary trade secret information, or to be otherwise confidential, in a redacted and non-redacted form, under seal.² Duke Energy Ohio is filing the testimony and attachments discussed herein in unredacted form, under seal, together with this Motion.

WHEREFORE, Duke Energy Ohio respectfully requests that the Commission, pursuant to O.A.C. 4901-1-24(D), grant its Motion for Protective Order by making a determination that the redacted information is confidential, proprietary, and a trade secret under R. C. 1333.61.

² O.A.C. 4901-1-24.

Respectfully submitted,

DUKE ENERGY OHIO, INC.
