COMMENT DESCRIPTION:

My comment is in regard to Duke Energy's Case 17-0032-EL-AIR, to increase the fixed charges on electricity bills. This change would be harmful to many if not most Duke subscribers because it would dis-incentivize them to reduce their energy use and lead to higher bills in times of low usage. The last thing Ohio needs to do is to encourage more wasted use of energy. Instead, we should be encourage less use of energy by keeping bills tied directly to usage levels.
