My home was built in 1922 on the Third St. Reading, Oh route, and Duke wants the pipeline on private property. Just on my side of the street 3 houses sit right next to the sidewalk.

My front porch is 8' wide - house to sidewalk is 13' - from sidewalk to curb 7½' = 28½'

They want 15' on each side of ditch to work + ditch = 30' + ditch. My yard is only 28½'

Are they planning to take my porch, living room, bedroom, & my second floor? Please advise me.

What about property value - & home owners insurance? Any idea.
