PUCO

To whom it may concern:

I am writing in regards to Case Number 17-0032-EL-AIR. It has come to my attention that the Public Utility Commission is considering allowing Duke Energy to raise the customer charge by more than \$16 per month. As a new homeowner, I am outraged that I may have to pay close to four times more than the current customer charge. This additional \$200 each year is like paying an additional utility bill each year.

I work hard to conserve energy every day so that my Duke Energy bill costs are kept to a minimum and I am able to pay my energy bill. My efforts are completely cancelled out with this unnecessary and unfair increase in customer charge. This additional charge would also prevent me from investing in energy efficient appliances that would save me money as well as help the earth.

I truly find it hard to believe that Duke Energy needs to increase their customer charge fee to survive when in 2016 their CEO was compensated over 13 million dollars. In the past, I have had to go on a pay freeze in my own job as a public school teacher. Perhaps, Duke should consider doing the same. I implore you to reject Duke Energy's proposal to increase upfront, mandatory residential fixed fees, which will hurt poor and middle class families in order to allow Duke to continue to pay exorbitant executive salaries.

Sincerely,

Bo A. Jessee

To whom it may concern,

I'm currently taking care of my parents house while they are away. As newly retired individuals, they're taking the time to explore the world a little by traveling the A.T. I, myself, am living on a budget while they're away and the increase in power bill would have a substantial impact on the choices I make everyday to sustain my lifestyle, not to mention my parents greet when they come back to a higher bill.

Sincerely,

Matthew Alvarado 119410 Iron Veger in unci

Case Number 17-0032-EL-AIR

RE: Public Utilities Commission of Ohio  
180 Broad Street  
Columbus, OH 43215  
Case Number 17-0032-EL-AIR

Dear Public Utilities Commission of Ohio:

I am writing to speak out against fixed rate charges. Increasing the fixed rate charge will cause many family, especially low income families, to be unable to pay their power bill. As a social worker who works with families after they have left shelter, I see the way increased power bills lead to a decrease in housing stability. An increase in fixed rate charges would cause power bills to become even more unmanageable. The families that I work with live on a very tight budget. An increase on a power bill is not doable for these families, especially an increase that they have no ability to decrease or control. It is unjust for families to have to pay even more every month before they even use their power. Do better.

Sincerely,

Emily Merz

A handwritten signature in black ink that reads "Emily Merz". The signature is written in a cursive style with a large, looping "M" and a long, sweeping underline.

Case Number 17-0032-EL-A IR

To whom it may concern,  
As a household that tries to limit  
it's energy usage in whatever  
ways possible, it offends me that  
I will be charged an extra  
energy bill in one years time.  
And in noway can I reduce my usage  
to compensate for this. There's no  
"extra sweater" for \$273.24 fixed  
fee. Shame on You Duke Energy.  
Invest in clean energy and better  
infrastructure to avoid flat fees!!

- Amanda Zms

Avenue

Case Number 17-0032-EL-AIR

Dear Duke Energy,  
Not Cool.... ~~That~~ ~~rate~~ Fixed rate

fee is Not Cool. We do Not  
like the idea of Fixed rate  
~~rate~~ fee added to our Bill. A \$6  
fee is crazy as it is. Note

You are adding \$22.77 to our  
Bill... Not Cool. The math

is over 273.24 a year.

I do Not like what you  
are doing. & I would like

You to think about what you  
are doing.

Bryan M. Kolar

17-0032-EL-AIR

Dear Public Utilities Commission of Ohio,

Upon hearing about Duke Energy's plan to raise taxes on electricity me and my mom were very shocked. Then we went on further to read that the tax applied even before we turn on our lights, were people who try and save on bills and know it's better for the environment so why would we or anyone else deserve to pay more taxes just to be involved with Duke Energy. Most of us didn't even choose that it just sort of happened.

Please consider helping,  
Rus Barbour

Case#: 17-0032-EL-AIR

5/10/17

To Public Utilities Commission of Ohio  
180 East Broad Street  
Columbus, Ohio 43215

CASE # 17-0032-EL-AIR

Here are my opinions concerning  
your rate increase proposed by  
the Commission.

① Way too high!  
Hurts families and individuals  
on fixed incomes or budgets.

② It harms the environment  
when it promotes fossil fuels  
and disallows people to  
afford renewable/clean  
energy alternatives such  
as Wind or Solar

This rate increase is just bad business  
practice! I WANT OFF THE GRID!

Re: Increase of Customer Charges  
Case # 17-0032-EL-AIR

My husband and I are both retired and live on a fixed income. This looks like a huge increase in Customer Charge - Currently \$6.00 raised to \$22.77. Our budget just cannot handle that. This would be an additional \$213.24 to add to our annual budget. We cannot do that!

Please do not increase the monthly customer charge.

Thank you!

Sincerely,  
Karen J. Tom Riter
