**Re: Dominion East Ohio Construction Notice for PIR 788 Pipeline  
Replacement Project, Case No. 16-2334-GA-BNR**

Dear Ms. McNeal:

This letter is to confirm a conversation with the Ohio Power Siting Board ("OPSB") Staff that the pipeline replacement project approved by the OPSB in the above referenced matter has been shortened by 200 feet. Difficulties developed in tying in the replacement pipeline with the existing pipeline so the pipeline will tie in 200 feet sooner. A map is attached, which shows the change. Thus there will be no adverse effect.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Sally W. Bloomfield
