Columbus, OH 43215

**Re: Case No. 13-197-EL-BGN, Trishe Wind Ohio, LLC  
Notification of Turbine Model and Compliance with Condition No. 13**

Dear Ms. McNeal:

Trishe Wind Ohio, LLC ("Applicant") is certified to construct a wind-powered electric generation facility in Paulding County, Ohio ("Project"), in accordance with the December 16, 2013 Opinion, Order, and Certificate ("Order") issued by the Ohio Power Siting Board ("OPSB").

The Applicant is providing this letter pursuant to its commitment to file a letter in the docket at least 60 days before the preconstruction conference notifying the OPSB which turbine model has been selected for use in the Project (Order at 4). Therefore, the Applicant states that it has chosen the General Electric (GE) 2.5-116 turbine model at the 90-meter hub height for use in this Project.

In addition, the OPSB Order approved the stipulation in this case subject to 40 conditions. Condition No. 13 required the Applicant to provide the safety manual of the turbine model chosen for the Project to the OPSB staff for review at least 60 days before the preconstruction conference (Order at 22). At this time, the Applicant provides notice in this docket that Condition No. 13 has been met.

We are available, at your convenience, to answer any questions you may have.

Respectfully submitted,

/s/ Christine M.T. Pirik
