IORY #: Milepost: MP 49.31
Midland Subdivision

PUCO

2017 JUL 26 AM 8:37

PUCO Docketing Division:

Patrick Engineering (Patrick), on behalf of the Indiana & Ohio Railway, is submitting the following update for the above-referenced project:

The project was sent out for bid on 4/7/17, with Railroad Signal Services (RSS) as the lowest bidder. Contact with DP&L for power was initiated on 5/22/17 with an application submitted for the power service. Curry Electric will install the service pole and coordinate connection, and received a PO for that work. A vendor agreement has been secured by the Railroad, and a PO was issued to RSS. The work is currently scheduled for September, 2017.

Please feel free to contact me at 614-354-4933 if you have any questions regarding this submission.

Sincerely,

PATRICK ENGINEERING INC.
