Patrick Engineering (Patrick), on behalf of the Chicago, Ft. Wayne & Eastern Railroad, is submitting the following update for the above-referenced project.

The project was sent out for bid on 5/22/17, with Progress Rail as the lowest bidder. Contact with AEP for power was initiated on 12/22/16 with an application submitted for the power service. Kleine Electric will install the service pole and coordinate connection and received a PO for that work. A vendor agreement has been secured by the Railroad, and the work is currently scheduled for September, 2017.
