COMPLAINT DESCRIPTION:

I sent this letter to Governor Kasich. This letter is concerning the Power Siting Board and Case #16-253-GA-BTX, the C-314 -V Central Corridor Pipeline Extension Project. Pursuant to R.C.4906.08(C) a local public hearing was scheduled. The people, including me, came and presented their testimony. However the Siting Board did not come. I know you appoint the members of the Board and I feel you should be advised of this. By not bothering to come to the hearing, we, the people, feel the Board does not care what we think, feel or say. That we are in fact worthless and that they know they are approving Duke's proposed pipeline. Perhaps you would want to let the Board know this is NOT how you and the Board feel about the citizens of this state and that you and they respect the citizens. Please governor, give the people a chance. Let our words be heard and be given a fair review. I do understand the need to move fracked gas, but I do not understand the need to move it through densely populated areas. Thank you for your help and consideration.
