MEMORANDUM IN SUPPORT

Ohio Admin. Code §4901-1-24(D) provides that the Commission or certain designated employees may issue an order necessary to protect the confidentiality of information contained in documents filed with the Commission's Docketing Division to the extent that state or federal law prohibits the release of the information and where non-disclosure of the information is not inconsistent with the purposes of Title 49 of the Revised Code. While the Commission has expressed its preference for open proceedings, the Commission also long ago recognized its statutory obligations with regard to trade secrets:

The Commission is of the opinion that the "public records" statute must also be read in *pari materia* with Section 1333.31, Revised Code ("trade secrets" statute). The latter statute must be interpreted as evincing the recognition, on the part of the General Assembly, of the value of trade secret information.

In re: General Telephone Co., Entry, PUCO Case No, 81-383-TP-AIR (Feb. 17, 1982).

Likewise, the Commission has facilitated the protection of trade secrets in its rules. *See, e.g.*, Ohio Admin. Code §4901-1-24(A)(7).

Ohio Rev. Code §1133.61(D) defines "trade secret" as:

[I]nformation including the whole or any portion of phase of any scientific or technical information, design, process, procedure, formula, pattern, compilation, program, device, method, technique, or improvement, or any business information or plans, financial information, or listing of names, addresses, or telephone numbers, that satisfies both of the following:

- (1) It derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use.
- (2) It is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.

Ohio Rev. Code § 1333.61(D). This definition clearly reflects the state policy favoring the protection of trade secrets such as the confidential financial and proprietary information which is the subject of this motion.

Ludlow Natural Gas Company, LLC (“Ludlow”) respectfully requests that the names, addresses, account numbers, and other personal identifiers of the customers set forth in Exhibit 3 (the “Designated Information”) to its Joint Application for Transfer of Assets and Substitution of Service be maintained as confidential out of concern for the privacy of individual citizens, who may not wish their addresses and other personal identifiers to be published publicly. In addition, Ludlow treats its customer list as confidential and propriety, and it thereby constitutes a trade secret.

In the ordinary course of Ludlow’s business, the Designated Information is deemed confidential, is treated as proprietary and confidential by Ludlow’s employees, and is not disclosed to anyone other than as part of a legal proceeding and, even then, only pursuant to a protective order. Ludlow does not disclose the Designated Information and make reasonable efforts to maintain its secrecy. For these reasons, the Designated Information falls directly within the definition of “trade secret” or is otherwise entitled to confidential treatment.

In addition, non-disclosure of the Designated Information will not impair the purposes of Title 49. The Commission and its Staff have full access to the Designated Information in order to review Ludlow’s application, and no purpose of Title 49 would be served by the public disclosure of the Designated Information.

For the foregoing reasons, Ludlow respectfully requests that the Designated Information be protected from the public disclosure.

Respectfully submitted,

/s/ Michael D. Dortch
