Exhibit B-2 "Experience & Plans"

Navigate Power, LLC ("Navigate Power") is a electricity and natural gas brokerage. Navigate receives compensation from retail energy suppliers ("RES") who are licensed in the State of Ohio. The relationship between Navigate Power and the RES's is technically referred to as a "referral" partnership, and the compensation received is referred to as a referral fee.

Within the terms and conditions of the referral agreement between Navigate Power and each RES, Navigate Power is allowed to market and sell electricity and natural gas customers, however it chooses.

Navigate Power has a multi-faceted strategy to acquire customers on behalf of its RES partners:

1. **Direct Sales:** Navigate power will contract independent agents to broker deals. The 1099 agents will go through an electricity and natural gas training program, covering market analysis, contract proficiency, and ethics. This program has been successful in other states and has produced no registered complaints.
2. **Online Marketing:** Through online marketing, Navigate Power has developed an indirect sales platform that allows customers to better understand their options, review terms and prices, and contract with a supplier.

Navigate Power's RES partners are responsible for billing and providing statements.

Regarding customer inquiries and complaints, Navigate Power's first phase of response is its independent agents—the individuals the customer trusts. Independent agents are trained to not only acquire clients, but to also manage relationships. The goal is to retain clients through renewals. This only happens when clients are satisfied and trust their agent.
