Docketing Division  
180 East Broad Street, 11<sup>th</sup> Floor  
Columbus, OH 43215

**Re: Case No. 13-197-EL-BGN, Trishe Wind Ohio, LLC  
Notification of Compliance with Condition 24 of the Supplement –  
Final Delivery Route Plan**

Dear Ms. McNeal:

Trishe Wind Ohio, LLC (“Applicant”) is certified to construct a wind-powered electric generation facility in Paulding County, Ohio, in accordance with the December 16, 2013 Opinion, Order, and Certificate (“Certificate”) issued by the Ohio Power Siting Board (“OPSB”). The Certificate is subject to the 40 conditions set forth in the December 16, 2013 Order, as well as the 26 conditions set forth in the October 1, 2013 Supplement to the original application (“Supplement”).

Condition 24 of the Supplement requires the Applicant to provide the final delivery route plan and the results of any traffic studies to OPSB staff and the Paulding County Engineer 30 days prior to the preconstruction office. As part of the condition, Applicant must complete a study on the final equipment delivery route to determine what improvements will be needed in order to transport equipment to the construction sites.

The Applicant is providing this letter to notify the OPSB that the Applicant has provided the final delivery route plan to both OPSB staff and the Paulding County Engineer, which is attached hereto. Accordingly, Condition 24 of the Supplement is satisfied.

We are available, at your convenience, to answer any questions you may have.

Respectfully submitted,

/s/ William V. Vorys
