ZIP: 43605

COUNTY: Lucas

COUNTRY: USA

COMPANY\_NAME: Clean Energy Future LLC

CASE\_NUMBER: 17-0530 el-bgn

COMMENTS: I oppose this project; it is unnecessary, it would be damaging to the environment, and the corporate interests that are pushing this project are not being truthful about the hazards to the community. The last thing that we should be investing in for our future is more dirty fossil fuel projects; instead, we should put all our efforts into wind and solar energy for the future. I am a retired Boilermaker from Local 85, but I believe that preserving clean air and ground water for everyone is more important than temporary jobs for a handful of workers. I am also a nearby resident, and we do not need any more polluters around here; we have too many already.
