Ms. Berrios,

The certification application for Amerex Brokers LLC (Case Number 09-0862-GA-AGG) was received by the PUCO Docketing Division on September 14, 2017. However, the application failed to properly address documentation required for the financial-related Exhibit: C-5 (Ohio only annual forecast).

Please refer to the email below that I sent you today on the electric case and make the corresponding changes to your gas renewal application. Do not include revenues, expenses and net income that are associated with the electric business that you forecast for Ohio for 2018 and 2019. Each renewal application is a stand-alone entity.

In order to avoid suspension and/or denial of your application, please send the above referenced Exhibit to the PUCO Docketing Division with a note to include it as an amendment to your application for Case Number 09-0862-GA-AGG. The required amendment must be received by Docketing **by Noon Wednesday, October 4, 2017** and comply with filing content requirements in order for staff to have sufficient time to review the information and for you to avoid suspension or denial of your application.

Please email me if you have any questions.
