**THE DAYTON POWER AND LIGHT COMPANY’S
MOTION TO MODIFY THE PROCEDURAL SCHEDULE
AND REQUEST FOR EXPEDITED RULING**

Pursuant to Ohio Administrative Code (“OAC”) Rules 4901-1-12 and 4901-1-13, the Dayton Power and Light Company (“DP&L”) respectfully moves the Public Utilities Commission of Ohio (“Commission”) for an order suspending the procedural schedule set forth in the Attorney Examiner’s September 29, 2017 Entry and scheduling a procedural conference. Because DP&L’s deadline for filing testimony is October 10, DP&L also requests an expedited ruling in this matter pursuant to O.A.C. 4901-1-12(C).

All Intervenors and Commission Staff were notified of this request through e-mail on October 5, 2017. All Intervenors, except for OPAE, have responded that they do not oppose the requested suspension and expedited ruling. OPAE had previously agreed to an extension of the procedural schedule, but was unable to respond to the October 5 email likely as a result of a planned vacation. Additionally, Commission Staff does not oppose the requested suspension and expedited ruling.

DP&L’s motivation for the requested suspension is not for the purpose of delay or inconvenience. DP&L has been working diligently with all parties in this case over the past month on a settlement resolution, and significant progress has been made towards that resolution.

DP&L believes that its efforts are best directed at continuing to work towards settlement at this time. Further, DP&L requests that a conference call be scheduled for Wednesday October 11, or at the Attorney Examiner's earliest convenience. At which time, a settlement status update can be provided and a new procedural schedule can be set, if necessary. DP&L's counsel will coordinate a date and time for that conference call, as soon as possible, with all counsel and the Attorney Examiner.

For the foregoing reasons, good cause exists to modify the procedural schedule as described above.

Respectfully submitted,

/s/ Michael J. Schuler
