Trishe Wind Ohio, LLC  
Update to October 24, 2016 Filing Regarding Compliance with Condition 25 of the  
Supplement – Road Use Agreement**

Dear Ms. McNeal:

Trishe Wind Ohio, LLC (“Applicant”) is certified to construct a wind-powered electric generation facility in Paulding County, Ohio (“Project”), in accordance with the December 16, 2013 Opinion, Order, and Certificate (“Certificate”) issued by the Ohio Power Siting Board (“OPSB”). The Certificate is subject to the 40 conditions set forth in the December 16, 2013 Order, as well as the 26 conditions set forth in the October 1, 2013 Supplement to the original application (“Supplement”).

Condition 25 of the Supplement requires Applicant to execute an “Agreement for Use, Repair, and Improvement of Roads” with Paulding County prior to construction for OPSB Staff’s review and acceptance. On October 24, 2016, Applicant filed a Notification of Compliance with Condition 25 of the Supplement. At this time, we are updating the October 24, 2016 filing to include supporting documentation for the road use agreement, which is attached hereto.

We are available, at your convenience, to answer any questions you may have.

Respectfully submitted,

/s/ William V. Vorys
