IN THE MATTER OF THE APPLICATION OF  
HECATE ENERGY CLARKE COUNTY LLC  
FOR CERTIFICATION AS AN ELIGIBLE  
OHIO RENEWABLE ENERGY RESOURCE  
GENERATING FACILITY.

CASE NO. 17-1996-EL-REN

## ENTRY

Entered in the Journal on October 31, 2017

{¶ 1} On September 20, 2017, the above-captioned application was filed pursuant to Ohio Adm.Code 4901:1-40-04(F) for certification as an eligible Ohio renewable energy resource generating facility as defined by R.C. 4928.01(A)(35).

{¶ 2} Ohio Adm.Code 4901:1-40-04(F)(2) provides that if the Commission takes no action with respect to an application within 60 days of filing, the application is deemed automatically approved on the 61st day after the date filed.

{¶ 3} The Commission's staff has requested that this application be suspended to allow additional time to obtain or review supplemental information to determine whether the facility meets all certification criteria. Therefore, the attorney examiner finds that good cause exists to suspend the 60-day automatic approval process for this application, in order for the Commission and its staff to further review this matter.

{¶ 4} It is, therefore,

{¶ 5} ORDERED, That the automatic approval process be suspended for this application for certification as an eligible Ohio renewable energy resource generating facility. It is, further,

{¶ 6} ORDERED, That a copy of this Entry be served upon all parties of record in this case.
