Subject: Re: OPSB-ContactUs

We understand Apex has application before board 17-2295-EL-BGN. My understanding there is a conflict on dates of meeting. Application states Wednesday, November 29, 2017 but letters sending out from Apex states Thursday, November 29, 2017. Also sending out conflicting numbers on types of MW capacity Turbines. Could this be clarified. They are doing some shady and undermining figures and dates. Please make note of this in their hearing on their approval of application. Thank you. The Studer's.
