CASE_NUMBER: 16-1871-EL-BGN

COMMENTS: I am very opposed to the Wind project on Lake Erie. Lake Erie has been abused for over 100 years and it's time to stop. As a life long boater we don't need any additional obstructions in the lake. I know the argument is that these are very large and should be easily seen. I also know that similarly sized obstructions located in Sandusky Bay have been hit by boats resulting in fatalities.

Lastly, as a resident of the City of Cleveland we don't enjoy many unobstructed views of nature. I am opposed to destroying our beautiful sunset views on Lake Erie for an amount of power that is minuscule compared to the need
