DOCKETING CASE #: 17-32-EL-AIR

SUBJECT: Duke Energy raising fixed fees

Please docket this comment in the case number above.

The Duke Energy request to nearly quadruple the base or fixed fee is unfair to those who have spent thousands of dollars to insulate their houses to lower their utility usage, many at the urging of Duke to conserve energy. Please do not allow Duke energy to undo all that has been done by home owners to lower their utility bills.

DOCKETING CASE #: 17-32-EL-AIR

SUBJECT: Duke Energy's plan to substantially increase CUSTOMER FEES

My husband and I are among many thousands who object to Duke Energy's plan to raise customer fees that will jeopardize our financial stability. We are both in our 70's. My husband retired at the age of 67. At that time, we felt that between Social Security and our savings, we had enough to live modestly on for the remainder of our lives. This huge increase was totally unexpected and has caused much fear and anxiety in middle class and low income families, including ours. This proposal is unfair and we are, with respect, asking the Public Utilities Commission of Ohio to protect us by rejecting this proposal. Thank you for your time and your help, Ann Schlueter
