To whom this may concern,
I am emailing you to let you know that I am against the wind turbines in our area. They want to put 3 of them in the block I live in plus some across the road from my house. I've lived in this area my whole life and do not want to look out my window at huge wind turbines or set outside in summer and listen to them. At the information meeting the only people that were for the turbines were the people benefiting from them and don't live in the area where the turbines will be.
Sincerely,
Gary Hoepf
