Letter of Notification
East Springfield-London #2 138 kV Transmission Line
Extensions to North Titus Project
Case No. 18-0086-EL-BLN

Dear Ms. McNeal:

In accordance with Ohio Administrative Code ("OAC") Rule 4906-2-04(A)(3) and OAC Chapter 4906-6, American Transmission Systems, Incorporated ("ATSI"), a FirstEnergy company, transmits five (5) paper copies and ten (10) copies on disc of the enclosed Letter of Notification application which was electronically filed. The Letter of Notification application was completed in accordance with the requirements of OAC Chapter 4906-6.

In this Project, ATSI is proposing to construct two separate transmission line segments from the East Springfield-London #2 138 kV Transmission Line to the new North Titus Substation. These lines will be an approximately 1.0-mile-long East Springfield-North Titus 138 kV Transmission Line and an approximately 0.6-mile-long London-North Titus 138 kV Transmission Line. The Project is needed for Silfex Inc.'s ("Silfex") new manufacturing facility located in the City of Springfield, Clark County, Ohio.

ATSI is requesting an expedited review of this Project.

Pursuant to OAC Rule 4906-2-04(A)(3), please be advised of the following:

a) Name and address of the applicants:

American Transmission Systems, Incorporated
76 South Main Street
Akron, Ohio 44308

b) Name and location of proposed facilities:

East Springfield-North Titus 138 kV Transmission Line
London-North Titus 138 kV Transmission Line

The Project area is located in Springfield Township and the City of Springfield, Clark County, Ohio.

c) Applicant's representative:

William R. Beutler, P.E.
Engineer III
Energy Delivery Transmission and Substation Design
FirstEnergy Service Company
76 South Main Street
Akron, OH 44308-1890

d) The anticipated construction completion date provided in the pre-application letter required by OAC Rule 4906-6-03 has been changed in the attached Letter of Notification application from October 1, 2018 to November 30, 2018.

e) A notarized statement that the information contained in the application is complete and accurate is attached as Attachment 1.

We have provided a copy of the Letter of Notification application by certified mail, with return receipt requested, to each official of the political subdivisions immediately affected by the proposed Project listed in Exhibit 1. Copies of the transmittal letters addressed to the local government representatives of Springfield Township and the City of Springfield, Clark County, Ohio are enclosed for your file. Copies of the transmittal letters to the local libraries are also enclosed. These materials are being provided as proof of compliance with OAC Rule 4906-6-07. A list of the property owners affected by the proposed Project and who will receive a letter describing this Project is attached as Exhibit 2. This is being provided as proof of compliance with OAC Rule 4906-6-08(B).

After docketing this filing, please return one time-stamped copy of the application for our records in the enclosed envelope. Should staff of the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (330) 384-2740.

Sincerely,

William R. Beutler, P.E.

Letter of Notification
East Springfield-London #2 138 kV Transmission Line
Extensions to North Titus Project
Case No. 18-0086-EL-BLN

Dear Commissioner Wilt,

American Transmission Systems, Incorporated ("ATSI"), a FirstEnergy company, is proposing to construct two separate transmission line segments from the East Springfield-London #2 138 kV Transmission Line to the new North Titus Substation. These lines will be an approximately 1.0-mile-long East Springfield-North Titus 138 kV Transmission Line and an approximately 0.6-mile-long London-North Titus 138 kV Transmission Line. The Project is needed to provide electric service to Silfex Inc.'s new manufacturing facility located in the City of Springfield. The Project will be located in Springfield Township and the City of Springfield, Clark County, Ohio.

In accordance with Ohio Administrative Code ("OAC") Rule 4906-1-01, this Project falls within the Ohio Power Siting Board's requirements for a Letter of Notification. Therefore, in compliance with OAC Chapter 4906-6, we have prepared and filed the attached Letter of Notification with the OPSB for their review and approval. The Letter of Notification contains a more detailed description of the Project, and is provided for your information.

I will be happy to answer your questions concerning this matter. You can contact me at (330) 384-2740.

Sincerely,

William R. Beutler

Letter of Notification
East Springfield-London #2 138 kV Transmission Line
Extensions to North Titus Project
Case No. 18-0086-EL-BLN

Dear Mr. Shanayda,

American Transmission Systems, Incorporated ("ATSI"), a FirstEnergy company, is proposing to construct two separate transmission line segments from the East Springfield-London #2 138 kV Transmission Line to the new North Titus Substation. These lines will be an approximately 1.0-mile-long East Springfield-North Titus 138 kV Transmission Line and an approximately 0.6-mile-long London-North Titus 138 kV Transmission Line. The Project is needed to provide electric service to Silfex Inc.'s new manufacturing facility located in the City of Springfield. The Project will be located in Springfield Township and the City of Springfield, Clark County, Ohio.

In accordance with Ohio Administrative Code ("OAC") Rule 4906-1-01, this Project falls within the Ohio Power Siting Board's requirements for a Letter of Notification. Therefore, in compliance with OAC Chapter 4906-6, we have prepared and filed the attached Letter of Notification with the OPSB for their review and approval. The Letter of Notification contains a more detailed description of the Project, and is provided for your information.

I will be happy to answer your questions concerning this matter. You can contact me at (330) 384-2740.

Sincerely,

William R. Beutler

**Letter of Notification
East Springfield-London #2 138 kV Transmission Line
Extensions to North Titus Project
Case No. 18-0086-EL-BLN**

Dear Ms. Rizer,

Enclosed please find one copy of the Letter of Notification application of American Transmission Systems, Incorporated ("ATSI"), a FirstEnergy company, for the East Springfield-London #2 138 kV Transmission Line Extensions to North Titus Substation Project ("Project") that has been filed with the Ohio Power Siting Board ("OPSB"). Please make the Letter of Notification available for public reference in the Clark County Public Library. We are providing a copy of the Letter of Notification for placement in your library in response to the requirements of the Ohio Administrative Code ("OAC") Rule 4906-6-07(A)(2), which requires us to place a copy of the application in the main public libraries of the political subdivisions in which any portion of the Project is to be located.

As described in the Letter of Notification, the Project proposes to construct two separate transmission line segments from the East Springfield-London #2 138 kV Transmission Line to the new North Titus Substation creating two new lines. These lines will be an approximately 1.0-mile-long East Springfield-North Titus 138 kV Transmission Line and an approximately 0.6-mile-long London-North Titus 138 kV Transmission Line. The Project is needed to provide electric service to Silfex Inc.'s new manufacturing facility located in the City of Springfield. The Project will be located in Springfield Township and the City of Springfield, Clark County, Ohio

Please feel free to call me with any question you have on making the application available to your patrons. My phone number is (330) 384-2740.

Sincerely,

William R. Beutler, P.E.
