**Re: Dominion Energy Ohio PIR 2364 Pipeline Replacement Project,
Case No. 17-2337-GA-BNR**

Dear Ms. McNeal:

On February 13, 2018, the Ohio Power Siting Board ("OPSB") Staff issued a Report of Investigation approving Dominion Energy Construction Notice subject to a number of conditions. Within this set of conditions, **Condition No. 1** requires Dominion Energy Ohio ("DEO") provide copies of permits and authorizations, including all supporting documentation, to Staff.

In compliance with Staff Report **Condition No. 1**, and as agreed to by DEO in its Supplement filed on February 15, 2018, attached is a copy of the City of Cuyahoga Falls Right of Way Permit.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Sally W. Bloomfield

Dominion Energy Ohio is a P.U.C.O. regulated utility. The execution of this document is subject to and without waiver of any rights conferred by Dominion's tariff, the common law and general laws of Ohio, and Dominion's interests in both real and personal property, including all of its utility facilities.

RIGHT OF WAY – JOB NO. PIR-2364 REQUEST FOR PERMIT

11-12-17

City of Cuyahoga Falls, Ohio
Division of Engineering
2310 Second Street
Cuyahoga Falls, OH 44221

Attn: R/W Permits

In order to maintain existing gas service in your community, it will be necessary for us to do the following work on Grant St and 9th St.

We are requesting permission to place:

Approximately 4525 feet of 12" High Pressure Steel Gas Main on Grant St & 9th St;
Approximately 1195 feet of 6" Low Pressure Plastic Gas Main on 9th St;
Approximately 195 feet of 4" Low Pressure Plastic Gas Main on Horace Ave;
Approximately 1235 feet of 12" Intermediate Pressure Plastic Gas Main on 9th St;

The proposed work locations are shown on the enclosed prints. Dominion East Ohio's proposed pavement restoration standards are in accordance with the municipality's standards. We expect our contractors to restore in accordance with these standards on every job.

Dominion East Ohio's contractor will reuse 2 or 3 feet of original backfill in grass, sod, and/or dirt areas. Our contractors will always backfill under improved surfaces (berms, sidewalks, drives, pavement, etc.) with premium backfill.

Please direct all correspondence to:

Joshua M Stopar
