RE: PUCO Case No. 17-0637-EL-BTX
Ross-Ginger Switch (Springfield) 138kV Transmission Line Project
Proof of Notification – O.A.C. 4906-3-03(B)(2) Letters to Property
Owners and Tenants Regarding the Public Information Open House

Dear Chairman Haque:

AEP Ohio Transmission Company, Inc. (AEP Ohio Transco) files this proof of notification pursuant to O.A.C. 4906-3-03(B)(2). AEP Ohio Transco mailed the attached correspondence to each property owner and affected tenant in compliance with the rule's requirements via first class mail on August 28, 2017.

Respectfully submitted,

/s/ Christen M. Blend

Re: Springfield 138 kV Transmission Line Rebuild Project Open House

Dear Property Owner or Resident:

AEP Ohio and its affiliate, AEP Ohio Transmission Company, Inc., cordially invite you to attend a public informational open house about a transmission line project in your area. **The open house is scheduled for Thursday, September 18 at God's Community Outreach, 27307 Old US RT 35, Chillicothe, OH. Doors open at 5:30 p.m.** The open house will run until 7:30 p.m. The informational open house provides the opportunity to meet and talk with project representatives. There is no formal presentation. You may come and go at any time.

The Springfield 138 kV Transmission Line Rebuild Project involves upgrading about 6 miles of transmission line. This project is located in Springfield Township in Ross County. This project updates an aging transmission line which will improve the electric transmission reliability in the area by decreasing extended outages. The project will use several structure types, including steel H-frame and monopoles that will be about 100-feet tall. AEP Ohio anticipates completion of this project in fall 2019. Early estimates show this is an approximate \$10 million investment.

AEP Ohio is proud to provide reliable electric service to you, and this improvement project is a critical component of the local power grid. As always, AEP Ohio will work to answer questions and provide you with details about the project.

Additional information about this project can be found online at AEPOhio.com/Springfield. Interested parties may also request information or comment on this project by calling 614-552-1929 or 877-215-9261 or sending an email inquiry to ecmiller1@aep.com.

On behalf of AEP Ohio, I look forward to seeing you at the public informational open house.

Sincerely,

Erin C. Miller
AEP Ohio Project Outreach Specialist
