RE: In the Matter of the Application of Republic Wind, LLC for a Certificate to Site Wind-Powered Electric Generation Facilities in Seneca and Sandusky Counties, Case No. 17-2295-EL-BGN

Dear Ms. Bloomfield:

On March 27, 2018, Republic Wind, LLC (Applicant) filed a supplement to its application for a proposed wind farm in Ohio Power Siting Board (OPSB) Case No. 17-2295-EL-BGN. Within this supplement, the Applicant stated, "corrections are necessary because the application does not accurately describe the setbacks that were applied to residences and property lines during the siting of the turbines."

The Applicant's request to supplement its application in relation to this setback requirement is a substantive revision requiring full consideration and analysis. Therefore, as requested by the Applicant, Staff of the OPSB will consider this supplemental information as part of the application for the proposed wind farm. Pursuant to Ohio Adm.Code 4906-3-06(A), a letter will be issued within sixty days of receipt of the supplemental information (i.e., March 27, 2018) regarding a determination of application completeness or incompleteness.

If you have any questions regarding the above, please contact Tamara Turkenton at (614) 466-1825.

Sincerely,

Asim Z. Haque  
Chairman  
Ohio Power Siting Board
