MEMORANDUM IN SUPPORT OF MOTION TO INTERVENE

Ohio Partners for Affordable Energy (“OPAE”) should be permitted to intervene in this matter pursuant to Section 4903.22.1, Ohio Revised Code, and the Commission’s Code of Rules and Regulation contained in Rule 4901-01-11 of the Ohio Administrative Code. The above-referenced self complaint of Vectren Energy Delivery of Ohio, Inc. (“Vectren”) asks the Commission to determine whether the eligible customer list to be made available to Commission-certified competitive retail natural gas service suppliers who are eligible to participate in Vectren’s choice program pursuant to Commission rules must be disclosed to a supplier that is unwilling or unable to meet the qualifications for a supplier under Vectren’s tariffs.

In determining whether to permit intervention, the following criteria are to be considered: the nature of the person’s interest; the extent to which that interest is represented by existing parties; the person’s potential contribution to a just and expeditious resolution of the proceeding; and, whether granting the intervention will unduly delay or unjustly prejudice any existing party. OPAE meets all four criteria for intervention in this matter.

OPAE is an Ohio nonprofit corporation with a stated purpose of advocating for affordable energy policies for low and moderate income Ohioans; as such, OPAE has a real and substantial interest in this matter. Additionally, OPAE includes as members non-profit organizations located in the service area that will be affected by

the matter.¹ Moreover, many of OPAE's members are Community Action Agencies. Under the federal legislation authorizing the creation and funding of these agencies, originally known as the Economic Opportunity Act of 1964, Community Action is charged with advocating for low-income residents of their communities.

OPAE also provides essential services in the form of bill payment assistance programs and weatherization and energy efficiency services to low-income customers of Vectren. OPAE members are also ratepayers of Vectren. Therefore, OPAE has an interest in this Vectren self complaint that requests Commission guidance on whether Vectren must provide a customer list to a supplier certified by the Commission under Commission rules but unwilling or unable to obtain Vectren's approval pursuant to Vectren's tariffs to provide competitive natural gas service. OPAE's primary interest in this case is to protect the interests of low and moderate income customers and OPAE members whose provision of competitive natural gas service and protection of customer data may be affected by this complaint.

For the above reasons, OPAE has a direct, real and substantial interest in this matter. The disposition of this matter may impair or impede the ability of OPAE to protect its interests. No other party to the matter will adequately represent the interests of OPAE. OPAE is a rare organization that serves as an advocate, service provider and nonprofit customer group. No other party represents this group of interests. OPAE's participation in this matter will not cause undue delay, will not unjustly prejudice any existing party, and will contribute to the just and expeditious resolution of the issues raised by this self complaint. Further, OPAE has been recognized by the Commission in the past as an advocate for consumers and particularly low-income consumers, all of whom may be affected by the outcome of this complaint.

¹ A list of OPAE members can be found on the website: www.ohiopartners.org.

Therefore, OPAGE is entitled to intervene in this matter with the full powers and rights granted by statute and by the provisions of the Commission's Code of Rules and Regulations to intervening parties.

Respectfully submitted,
