

BEFORE THE POWER SITING BOARD OF THE STATE OF OHIO

In the Matter of the Letter of Notification Application)
by Dominion Energy Ohio for the PIR #559 High and) **Case No. 17-1957-GA-BLN**
Sunset Pipeline Replacement Project)

Members of the Board:

| | |
|---|-------------------------------|
| Chairman, Public Utilities Commission | Ohio House of Representatives |
| Director, Development Services Agency | Ohio Senate |
| Director, Department of Health | |
| Director, Department of Agriculture | |
| Director, Environmental Protection Agency | |
| Director, Department of Natural Resources | |
| Public Member | |

To the Honorable Power Siting Board:

Please review the attached supplement to the Staff Report of Investigation, which has been filed in accordance with the Ohio Power Siting Board (Board) rules. The accelerated certificate application in this case is subject to the approval process required by Section 4906.03 of the Ohio Revised Code (R.C.) and Ohio Administrative Code 4906-6.

Subsequent to the filing of the original Staff Report of Investigation (Staff Report) in this case, on February 20, 2018, the Applicant filed a response that objected to Condition 3 of the Staff Report and proposed an alternative condition to Condition 3. The Applicant has had discussions with Staff as to why Condition 3 should be revised. Staff finds the concerns raised by the Applicant regarding the wording of Condition 3 to be reasonable, and presents its revised wording of Condition 3 in this supplement to the Staff Report of Investigation.

Please present any concerns you or your designee may have with this case to my office at your earliest convenience.

Sincerely,

Raymond W. Strom

SUPPLEMENT TO OPSB STAFF REPORT OF INVESTIGATION

Case No. 17-1957-GA-BLN

The information contained below is intended to supplement, replace, or supersede, where applicable, the information in the Staff Report of Investigation (Staff Report).

Description of Application

Subsequent to the filing of the original Staff Report in this case, on February 20, 2018, the Applicant filed a response that objected to Condition 3 of the Staff Report and proposed an alternative condition to Condition 3. The Applicant has had discussions with Staff as to why Condition 3 should be revised. Staff finds the concerns raised by the Applicant regarding the wording of Condition 3 to be reasonable, and presents its revised wording of Condition 3 in this supplement to the Staff Report of Investigation.

The following revised condition supersedes and replaces Condition 3 set forth in the Staff Report filed on February 20, 2018:

- (3) Damaged lawns, sidewalks, driveways, and parking areas shall be restored to original conditions upon completion of construction, and monitored and restored, to the original preconstruction condition, for two years after the line has been placed in service. Unless otherwise directed by the property owner, concrete panels (if applicable) shall be replaced in their entirety rather than cut and patched.

With the conditions set forth in the February 20, 2018 Staff Report, as revised by the revisions set forth herein, Staff recommends approval of this case.

This foregoing document was electronically filed with the Public Utilities

Commission of Ohio Docketing Information System on
