Power Management's experience and plans for contracting with customers will continue to focus on large, multi-locational clients. Power Management plans to solicit businesses in Ohio where deregulation has the maximum potential of savings. All contact with the PUC approved suppliers will be handled at our corporate office in Victor, NY and communication with the Ohio clients will be handled by either our corporate or local business representative.

There will be no billing of any commodities directly by Power Management. Power Management will work as a liaison between the customer and supplier to insure customer satisfaction. Each agent of Power Management will have business cards providing the business agent's contact information as well as Power Management's corporate information allowing customer inquiries and complaints to be handled to their satisfaction.
