

Dear Ohio PUCO,

I support the Commission's approval of case 16-1835.

I am pleased with and support AEP's plans to increase electric vehicle infrastructure, create a new micro-grid pilot project, and their commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward-thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

I am also eagerly awaiting, and support, AEP's forthcoming filing on their Appalachian solar initiative. This initiative aims to attract significant clean energy investments to Ohio's Appalachian communities at sufficient scale to attract high-tech, job-creating manufacturers in the solar supply chain.

It is my hope the PUCO will continue to support plans like what AEP has crafted that prioritize clean energy development and additional forward-thinking proposals.

Sincerely,

Chadwick Wright
