&gt; Mike,

&gt; I am very unhappy with the results of the commissioners over this wind turbine project. It seems the farmers get a huge sum of money every year, the good neighbor who obviously is lead by a little money, has to keep their mouth shut and can't use their property as they wish is a safety zone. And then, there are people like me, who do not want to live by them. We have 19 in our area. I live in the middle of those in Southern Seneca County. I have no say, no control, and will loose lots of property value. I have a very nice place that we built for retirement, we are mi 60's. MY property value for my house is around 200,000, my woods down the road should sell about 140,000. Statistics tell me after wind turbines come up in the area property values can go down 40%. It seems like everyone wins, but the people who cherish their homes. It makes me wonder why I even paid taxes all these years. We stand to loose over 100,000 dollars. Where is the justice in that?

&gt;

&gt; You have a good day.

&gt;

&gt; Joyce Ziegler

&gt;

Please do not change the set Back Laws  
S.B. 238.

These are to big to bring in  
closer.

Thank you,

Joyce Ziegler
