Case No. OH1575000626D

18-0946-TR-CVF

FILE

Mr. Gregory D Willet

2039 West Fair Ave.

Lancaster, OH 43130

As stated before I had my seatbelt on. The officer stated he didn't see the seat belt coming off my shoulder to the seat belt mount. The officer's view was from the passenger side of my cmv window from his driver side window while stopped at a red light side by side. The officer approached my vehicle on the passenger door of my cmv, I had to remove my seat belt to unlock the door so he could establish conversation with me. Officer repeatedly asked why I didn't have my seat belt on, I repeatedly answered I did have my seat belt on. I explained to the officer I had to remove my seat belt in order to open my truck passenger door, my truck doesn't have power locks or windows. Even though his line of vision into my truck was not adequate he still said he was citing me for level 3 inspection seat belt violation. I would like for this to be reviewed and removed. This has lead to termination from my company and I don't want false violation on my record. I have taken pictures of me in the truck with my seat belt on and you can not clearly see the seat belt from that position where the officer was viewing me. I have enclosed pictures for documentation, the day this happened the weather was snowy, overcast and poor visability through any vehicles windows.

Thank you for your time,

Greg Willet
